

## Ride the Wave!

The all new Shockwave is an exciting and innovative aquatic exercise bike. The design offers multiple levels of resistance, making it easy to adjust to various physical capabilities. Unlike most aquatic exercise bikes, the Shockwave's tension knob is located below the seat so it can be adjusted while riding the bike.

The Shockwave's lightweight design and scratch resistant wheels provide users ease when transporting the bike. The collapsible design allows for easy storage.

Whether you are recovering from surgery or looking for a low impact way to get fit, the Shockwave is your solution.
